For the past 4 years I have had the privilege of serving the Wyalkatchem community as a councillor. Over these years I have developed a strong passion for advocating for improvement in the delivery of health and aged care services to our community. I have acquired a knowledge around the issues and concerns that effect not just the Wyalkatchem community but all regional towns. I believe that through collaboration with other wheatbelt communities we have the capacity to improve the services that are available to Wyalkatchem residents.

I also have a strong connection to our beautiful little school with two children currently attending, as well as sitting on the P&C as Secretary/Vice President as well as continued involvement in junior sports. I believe the relationship between the school and shire needs to be nurtured for positive outcomes for all.

I would love the opportunity to continue working on these and many other issues to ensure a progressive future for our community.
