COUNCIL MEETINGS

All meetings are held in the Council Chambers at 3.30pm every third Thursday (except for the month of January as there is no Council meeting.

No action should be taken on any item discussed at a council meeting prior to written advice on the resolution of council being received.

Place: Wyalkatchem Shire Chambers

Cnr Honour Avenue and Flint Street, Wyalkatchem

AGENDAS

The agenda for the upcoming meeting is available in PDF format on the council's website on Monday prior to the meeting. A hard copy is available at the front counter at the Shire Administration building.

MINUTES

Minutes of the latest meetings will be made available on the website within five days of the meeting being held. Hard copy versions are also available at the front counter at the Shire Administration building.

MEETING GUIDELINES

All speakers should be clear and to the point, and speak through the presiding member at all times. Members of the public are not permitted to enter into debate with elected members or staff. Any correspondence received after the agenda is finalised will not be reflected in the staff report and will not be distributed to elected members by administration. To minimise disruption during meetings, please ensure your mobile phoneis turned off before entering the chamber. You may enter and leave the chamber at any point during the meeting

QUESTIONS

Public questions may be asked at council meetings during public question time. Please note the following protocols when asking questions:

Questions must;

- Be submitted to the Chief Executive Officer in writing by 5pm on the day before the meeting and be subsequently signed by the author;
- Be asked by the author at themeeting;
- Not take longer than two minutes toask;
- Be limited to two per person; and
- Relate to a subject within the Council Agenda

Questions will only appear in full in the council minutes if they comply with the above.

If you wish to ask a question to Council please complete the attached form.

STATEMENTS

Public statements may be made at council meetings during public question time. Please note the following protocols when making statements:

Statements must:

- Be submitted to the Chief Executive Officer in writing by 5pm on the day before the meeting and be subsequently signed by the author;
- Be made by the author at the meeting;
- Not take longer than three minutes to state; and
- Relate to a subject within the council's jurisdiction

Statements will only appear in full in the council minutes if they comply with the above. If you wish to make a statement during a council meeting please complete the attached form.

NOTE: A person who has asked a question will not be permitted to make a statement on the same topic at the same meeting.

PETITIONS

Please note the following protocol for submissions of petitions. Petitions must;

- Be addressed to the Shire President;
- Be made by electors of the district;
- State the request on each page of the petition;
- Contain the names, addresses and signatures of the elector(s) making the request, and the date each elector signed;
- Contain a summary of the reasons for the request; and
- State the name of the person upon whom, and an address at which, notice to the petitioners can be given Petitions should be presented to council by a councillor.

Where a petition does not relate to or conform to the above it may be treated as an 'informal' petition and the CEO may at their discretion forward the petition to council accompanied by an officer report.

APPROVEDDEPUTATIONS

Approved deputations to a council meeting will only be received in special circumstances and only with the approval of the council given by a decision at a prior meeting. An approved deputation;

- Is not to exceed five persons, only two of whom may address the council or committee, although others may respond to specific questions from the members; and
- Is not to address the council or committee for a period exceeding fifteen minutes without the agreement of the council or the committee as the case requires

Any matter which is the subject of a deputation to the council or a committee is not to be decided by the council or committee, until the deputation has completed its presentation.

ASKING A QUESTION AT ACOUNCIL OR COMMITTEE MEETING

If you just want to make a statement or express an opinion on an issue before Council or a Committee, please refer to the "Making a statement to a Council or Committee Meeting" information sheet.

If you want to ask a question, here's what to do:

- 1. You may ask up to two (2) questions with a total time limit of two (2) minutesper speaker.
- 2. Please state your name, address and the agenda item number you are referring to, and then ask your question.
- Please submit your question in writing to the Chief Executive Officer by 5pm on the day before the meeting. This allows for an informed response to be given at the meeting.
- 4. Questions that have not been submitted in writing by 5pm on the daybefore the meeting will be responded to if they are straight forward. Otherwise they will be taken on notice and will be answered in writing after the council or committee meeting.
- 5. A question may relate to any subject that is within the council or committee's jurisdiction but should be a matter of general community concern. Please give staff the opportunity to try to answer your questions before a council or committee meeting.
- 6. Where a question raises a significant issue about an agenda item that might not have been addressed in the staff report or prior discussions with elected members and cannot be adequately responded to, council or committee will need to consider whether the item should be held over or referred back for further consideration, taking into account statutory deadlines and other implications of deferring the item.
- 7. A person who has asked a question will not be permitted to make a statement on the same topic at the same meeting this is unfair to the other members of the public who wish to communicate with council or committee.

PLEASENOTE

Members of the public should note that no action should be taken on any item discussed at a council or committee meeting prior to written advice on the final resolution being received.

MAKING A STATEMENT AT ACOUNCIL OR COMMITTEE MEETING

Most people just want to express an opinion or give their views on an issue before a committee or council, rather than ask a question. If you do want to ask a question, please refer to the "Asking a question at a council or committee meeting information sheet. If you want to make a statement, here's what to do:

- 1. You may make one statement of up to three minutes.
- 2 Please state your name, address and the agenda item number or subject you are referring to, and then make your statement.
- 3. Please submit your statement in writing to the Chief Executive Officer by 5pm on the day before the meeting, to assist in meeting administration.
- 4. Statements that have not been submitted in writing by 5pm on the day before the meeting will be heard, subject to a written copy being provided to the CEO during the meeting. This is to ensure that a proper record of your statement can be made in the minutes of the meeting.
- 5. A statement may relate to any subject that is within the council or committee's jurisdiction but should be a matter of general community concern. Statements on the same or a related subject will generally be limited to two per meeting, however where a clearly defined difference of opinion exists within the community on a subject, will generally be limited to two for and two against.
- 6. Where a statement raises a significant issue about an agenda item that might not have been addressed in the staff report or prior discussions with elected members, council or committee will need to consider whether the item should be held over or referred back for further consideration, taking into account statutory deadlines and other implications of deferring the item.
- 7. A person who has made a statement will not be permitted to ask a question on the same topic at the same meeting this is unfair to the other members of the public who wish to communicate with the Council or Committee.

PLEASENOTE

Members of the public should note that no action should be taken on any item discussed at a council or committee meeting prior to written advice on the final resolution being received.

1. Describe the extent of your interest (if seeking to participate in the matter under S. 5.68 of the Act). (1)

When does a person have an interest?[s5.60]

For the purpose of the financial interest disclosure provisions you will be treated as having an interest

in a matter, if either you (as a relevant person), or a person with whom you are closely associated, has – a direct or indirect financial interest in a matter; or a proximity interest in a matter.

When does a proximity interest exist?[s5.60B]

You (or a person with whom you are closely associated) have a proximity interest in any matter that concerns:

- a proposed change to a planning scheme affecting land that adjoins the person's land;
- a proposed change to the zoning or use of land that adjoins the person's land; or
- a proposed development of land that adjoins the person's land (development refers to the development, maintenance or management of the land or of services or facilities on the land)

The existence of a proximity interest is established purely by the location of land, a financial effect on the valuation of your land or on the profitability of your business does not have to be established. It is therefore important that you fully understand when a proximity interest exists.

What is to be disclosed?

When disclosing an interest you are required on all occasions to disclose the nature of the interest. You should ensure that the full disclosure and the times you left and re-entered the meeting are recorded in the minutes of the meeting. In recognizing the way in which you, or a closely associated person, may be affected financially or by proximity with the matter being dealt with by the meeting, you have identified the nature of the interest. When disclosing the interest, you should state it in such a way that will enable others to clearly understand what the nature of your interest is

Example 1:

If you have shares in a company that has a matter before the meeting, you are closely associated with that company. You therefore have an interest that must be disclosed. You could disclose the nature of your interest as 'I am closely associated with the company making the application'.

Example 2:

If an application before the meeting is in respect to your land, or land adjacent to yours and the valuation of your land may be affected, you are required to disclose that interest. You could disclose the nature of your interest as 'The application may affect the valuation of land I own'.

Are Disclosures recorded? [S5.73 and Administration Regulation 11(b)

Having disclosed the nature of your interest, for your own protection you must make sure that the full details of your disclosure and the time of departure from and re-entry to the meeting have been fully recorded in the minutes before the minutes of the meeting are confirmed. If your disclosure is not recorded, you should get it recorded at the next meeting before the minutes are confirmed.

Must a member leave the room after disclosing an interest [5.67]

If you have disclosed an interest in writing before the meeting or immediately before the matter is discussed during the meeting, you must not:

- Preside at the part of the meeting relating to the matter; or
- Participate in, or be present during any discussion or decision-making procedure relating to the matter.

In brief, having disclosed an interest **you must** leave the room. You may re-enter the room and be present during the discussion on the matter in which you disclosed an interest only if allowed by the members present.

The Minister for Local Government may also allow you to be present; (Refer to s5.69, s5.69a of the *Local Government Act1995*).

Can members be allowed to stay and participate?[s5.68(1)(a)]

After disclosing the nature of your interest in a matter to the meeting, or the presiding person having read out the disclosure, you may, without further disclosure, request to remaining members present who are entitled to vote (you are not entitled to vote) to allow you to be present during any discussion or decision-making procedure on the relevant matter.

Members allow you to participate[s5.68(1)(b)]

After disclosing the nature of your interest in a matter at a meeting, or the presiding person having read out the disclosure, you may, after also disclosing the extent of your interest, request the other members present to allow you to preside (if you are the presiding member) or, to participate in discussions and the decision making procedures relating to the matter. To enable the remaining members to make this judgement you must also disclose the full extent of your interest.

Section 5.59 of the Act defines the extent of an interest to include the value and amount of the interest. The following examples will assist you in determining how to express the extent of the interest to be disclosed:

Example 1:

If you disclose the nature of your interest as: 'I have shares in the company making the application, the value of which may be affected', the extent to be disclosed could be that 'The value of the shares I have in the company is \$11,000 and this value may be affected by a five percent increase'.

Example 2:

If the nature of the interest you have disclosed is 'The application may affect the valuation of land I own', you could disclose the extent of the interest as 'The effect may be a 10 percent increase in the valuation of the land I own which equates to \$4,700'.

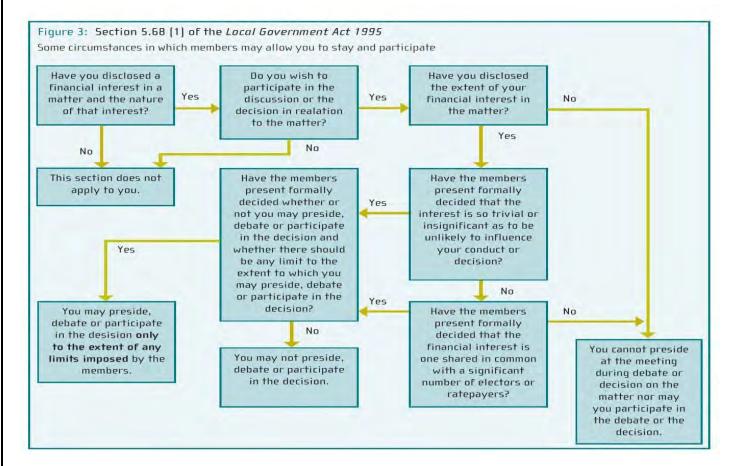

You should advise the meeting that you have estimated the extent and outline the method by which you arrived at the estimation. After the request is made to participate you must leave the room while the request is put to the meeting and the members decide whether to allow you to stay. The other members may not feel that they can freely consider your request and its likely implications for council or the committee while you are present.

The remaining members present can allow you to participate only if they decide that the interest is either:

- So trivial or insignificant as to be unlikely to influence your conduct in relation to the matter; or;
- Held in common to a significant number of electors orratepayers

If allowed by the members to be present, you may return. In determining your request members will also decide the extent of your participation. They may allow you to speak only, vote only or both speak and vote. There is no right of appeal against the decision of the meeting.

When you receive the agenda of a council or committee meeting you are to attend as a member, examine the report for each agenda item and determine the ways that the meeting could deal with that item, then consider whether if the matter is dealt with in any of those ways would it be reasonable to expect that there would be a financial effect on you or a person with whom you are closely associated. You also need to consider whether you have a proximity interest in any items. This process will assist you to determine whether you have an interest to disclose and the nature of the interest.

IMPARTIAL INTERESTS

EXAMPLE

A matter is before a council meeting which requires a decision to be made about the provision of footpaths on a particular group of streets. The brother of one of the elected members lives on one of the streets.

Scenario A:

The brother had been a leader in the community push to request the construction of the footpaths.

Decision: There is no doubt, the member should make an impartiality disclosure.

Scenario B:

The brother had not been involved in any of the community efforts which have caused council to consider the provision of footpaths.

Decision: This scenario is more doubtful. Criticism of the member for not making a disclosure could be considered unfair. However, the elected member may still wish to declare, as it does not affect their ability to debate and vote on theissue.

FXAMPIF

A sporting group has a request before Council seeking a donation or other financial contribution.

Scenario A:

An elected member is an office bearer in the sporting club.

Decision: The member should make an impartiality disclosure at the meeting.

Scenario B:

An elected member is a member of the sporting club but the extent of involvement is occasional attendance at meetings and events.

Decision: Disclosure would probably not be required.

SUMMARY: In accordance with Regulation 34 of the Local Government (Financial Management) Regulations 1996, the Shire is to prepare a monthly Statement of Financial Activity for approval by Council.

That Council resolve the following:

1. Receive the Statement of Financial Activity for the period ended 30 June 2018.

Appendix:

1. Monthly Financial Report for the Period Ended 30 June 2018 and supporting documentation.

Background:

The Statement of Financial Activity was introduced by the Department of Local Government from 1 July 2005. The change was implemented to provide elected members with a better idea of operating and capital revenue and expenditure. It was also intended to link operating results with balance sheet items and to reconcile with end of month balances.

Comment:

June 2018 Financial Statements:

- Yearly operating revenue is \$3,534,147 inclusive of net rate income of \$1,245,159 (net of prepaid rates and discounts) 130% of Budget

1. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies which have been adopted in the preparation of this statement of financial activity are:

(a) Basis of Accounting

This statement is a special purpose financial report, prepared in accordance with applicable Australian Australian Accounting Standards, other mandatory professional reporting requirements and the Local Government Act 1995 (as amended) and accompanying regulations (as amended).

(b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 11.

(c) Rounding Off Figures

All figures shown in this statement are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables are stated inclusive of applicable GST.

(f) Cash and Cash Equivalents

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities.

(g) Trade and Other Receivables

Trade receivables, which generally have 30 - 90 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for uncollectible amounts.

Collectability of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(h) Inventories

General

Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs of necessary to make the sale.

Inventories held from trading are classified as current even if not expected to be realised in the next 12 months.

Land Held for Resale

Land purchased for development and/or resale is valued at the lower of the cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of that land during its development. Interest and holding charges incurred after development is complete are recognised as expenses.

Revenue arising from the sale of property is recognised in the operating statement as at the time of signing a binding contract of sale.

Land held for resale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(i) Fixed Assets

Each class of fixed assets is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Mandatory Requirement to Revalue Non-Current Assets

Effective from 1 July 2012, the Local Government (Financial Management) Regulations were amended and the measurement of non-current assets at Fair Value became mandatory.

The amendments allow for a phasing in of fair value in relation to fixed assets over three years as follows:

- (a) for the financial year ending 30 June 2013, the fair value of all of the assets of the local government that are plant and equipment; and
- (b) for the financial year ending 30 June 2014, the fair value of all of the assets of the local government -
 - (i) that are plant and equpmets; and
 - (ii) that are -
 - (I) land and buildings; or
 - (II) infrastructure;

(c) for a financial year ending on or after 30 June 2015, the fair value of all of the assets of the local government.

Thereafter, in accordance with the regulations, each asset class must be revalued at least every 3 years.

Council has commenced the process of adopting Fair Value in accordance with the Regulations.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the financial report as necessary.

Land under Control

In accordance with Local Government (Financial Management) Regulation 16(a), the Council is required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or regional significance.

Under initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies details in this Note.

Whilst they were initially recorded at cost, fair value at the date of acquisition was deemed cost as per AASB 116.

Consequently, these assets were initially recognised at cost but revalued along with other items of Land and Buildings at 30 June 2013.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Fixed Assets (Continued)

Initial Recognition

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Council and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in the statement of comprehensive income in the period in which they are incurred.

Revaluation

When performing a revaluation, the Council uses a mix of both independent and management valuations using the following as a guide:

Revalued assets are carried at their fair value being the price that would be received to sell the asset, in an orderly transaction between market participants at the measurement date (Level 1 inputs in the fair value hierarchy).

For land and buildings, fair value will be determined based on the nature of the asset class. For land and nonspecialised buildings, fair value is determined on the basis of observable open market values of similar assets, adjusted for conditions and camparability at their highest and best use (Level 2 inputs in the fair value hierarchy).

With regards to specialised buildings, fair value is determined having regard for current replacement cost and both observable and unobservable costs. These include construction costs based on recent contract prices, current condition (observable Level 2 inputs in the fair value hierarchy), residual values and remaining useful life assessments (unobservable Level 3 inputs in the fair value hierarch).

For infrastructure and other asset classes, fair value is determined to be the current replacement cost of an asset (Level 2 inputs in the fair value hierarchy) less, where applicable, accumulated depreciation calculated on the basis of such cost to reflect the already consumed or expired futer economic benefits of the asset (Level 3 inputs in the fair value hierarchy).

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Those assets carried at a revalued amount, being their fair value at the revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

In addition, the amendments to the Financial Management Regulations mandating the use of Fair Value imposes a further minimum of 3 years revaluation requirement. As a minimum, all assets carried at a revalued amount, will be revalued at least every 3 years.

Transitional Arrangement

During the time it takes to transition the carrying value of non-current assets from the cost approach to the fair value approach, the Council may still be utilising both methods across differing asset classes.

Those assets carried at cost will be carried in accordance with the policy details in the *Initial Recognition* section as details above.

Those assets at fair value will be carried in accordance with the *Revaluation* Methodology section as detailed above.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Fixed Assets (Continued)

Early Adoption of AASB 13 - Fair Value Measurement

Whilst the new accounting standard in relation to Fair Value, AASB 13 - Fair Value Measurement does not become applicable until the year ended 30 June 2014 (in relation to Council), given the legislative need to commence using Fair Value methodology fo this reporting period, the Council chose to early adopt AASB 13 (as allowed for in the standard).

As a consequence, the principles embodied in AASB 13 - Fair Value Measurement have been applied to this reporting period (year ended 30 June 2013).

Due to the nature and timing of the adoption (driven by legislation) the adoption of this standard has had no effect on previous reporting periods.

Land Under Roads

In Western Australia, all land under roads is Crown land, the reponsibility for managing which, is vested in local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16 (a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16 (a)(i) prohibits local governments from recognising such land as an asset.

Whilst treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

(j) Depreciation of Non-Current Assets

All non-current assets having a limited useful life (excluding freehold land) are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Assets are depreciated from the date of acquisition or, in respect of internally constructed assets, from the time the asset is completed and held ready for use.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation periods are:

Buildings 50 years
Land Not Depreciated
Furniture 3 years
Computers 2.5 years
Vehicles 5 years
Graders 8 years
Other Plant & Equipment 3 years

Roads and Streets

formation Not Depreciated pavement 50 years seal 15 years Kerbing 30 years Airstrip Seal 15 years 50 years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immedicated to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Depreciation of Non-Current Assets (Continued)

Capitalisation Threshold

Expenditure on items of equipment under \$5,000 is not capitalised. Rather, it is recorded on an asset inventory listing.

(k) Trade and Other Payables

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the local government prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

(I) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits) The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to

be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

(ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

(m) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(n) Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be

(o) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

SUMMARY: This report recommends that Council receive the monthly transaction financial activity statement for the Shire of Wyalkatchem as required by the *Local Government Act 1995* Section 6.8 (2) (b).

That Council resolve the following:

1. Receive the Payment Listings as of 30 June 2018.

Appendices:

- Payment Listings as of 30 June 2018;
- 2. Credit Card Statement for May 2018:
- 3. Fuel Card Statement for May 2018.

Background:

Council has delegated to the Chief Executive Officer the exercise of its power to make payments from the Trust and Municipal Fund (Delegation A1). The CEO has subdelegated these payments to the Senior Finance Officer and the Governance and Emergency Officer. In accordance with Regulation 13 of *The Local Government* (*Financial Management*) *Regulations 1996*, a list of accounts paid is to be presented to Council and be recorded in the minutes of the meeting at which the list was presented.

Comment:

Pursuant to Section 6.8 (2)(b) of the *Local Government Act 1995*, where expenditure has been incurred by a local government it is to be reported to the next Ordinary Meeting of Council. Values have been rounded to the nearest dollar.

That Council resolve the following:

1. Accept the Governance and Emergency Report for the month of June 2018 as presented

Appendix

Appendix 1 – Local Emergency Management Arrangements Progress Report June 2018

Emergency Services

There were no reported bushfire incidents in the month of June.

The Governance and Emergency Officer and Leading Hand Rob Hodges met with Daniel Hendriksen, Acting Area Officer from the Department of Fire and Emergency Services (DFES) on Friday 8 June for training on how to complete a thorough pre-start on the Wyalkatchem Bush Fire Brigade appliance. Pre-starts will be completed on the truck on a regular basis to ensure that it is kept in good working order and is ready to go should the need arise.

The Governance and Emergency Officer met with Parks and Wildlife representative Mr David Jolliffe on Friday 8 June for an on-site assessment of the Elliott Nature Reserve (Corner Elsegood and McNee Roads) in order to evaluate its suitability for the erection of water tanks for Bush Firefighting purposes. Mr Jolliffe was in strong support of the project and as at close of business 29 June, the Shire is awaiting formal approval for use of the site.

Mrs Rachel Nightingale is making good progress with the State Risk Project for the North Eastern Wheatbelt Regional Organisation of Councils (NEWROC) Shires. The Governance and Emergency Officer attended a workshop with Mrs Nightingale on Wednesday 20 June for the Shire of Mt Marshall. The workshop was well attended, with much valuable contribution

received from Mt Marshall Local Emergency Management Committee (LEMC) members. Following the workshop the Governance and Emergency Officer and Mrs Nightingale agreed to re-format the documents arising from Wyalkatchem's completed State Risk Project. Once completed, the updated documents will form part of the Shire of Wyalkatchem Local Emergency Management Arrangements document.

Work on the Local Emergency Management Arrangements (LEMA) review continued on in June. For an itemised list of tasks completed in June, please refer to Appendix 1. Overall the LEMA project is progressing well and the Shire is on track for having the draft document ready for workshopping at the August LEMC meeting.

Notification was received from the Department of Fire and Emergency Services on Thursday 28 June, informing the Shire that the entire requested amount of \$39,706 for the 2018/19 Local Government Grant Scheme (Bushfire brigade operating grant) has been awarded. This is a substantial increase on last year's funding, for which we were awarded \$23,500. The money received will go towards operational costs of running the three bush fire brigades, including insurances; purchase of clothing and equipment and minor upgrades to the Bushfire shed on Flint Street.

Health and Safety

There were four hazard reports submitted in June, all of which will be discussed at the July safety meeting. There were no incident reports submitted in June, however four reports were received regarding an incident that occurred in April 2018 – this issue has been resolved.

The new Pre-Start register system is working well, with problems with plant and machinery being reported in a timely manner. Minor alterations to the pre-start forms continue as they are fed back to administration from the works crew members.

Governance

The Governance and Emergency Officer attended a *Dog and Cat Management* training course from Monday 11 June to Wednesday 13 June, inclusive. Facilitated by Ms Sharleen Jordan from Central Regional TAFE, the main focus areas of the training were the correct techniques when handling cats and dogs; animal psychology; relevant legislation; and the administration and record-keeping of cats and dogs within the local government. Leading Hand Rob Hodges and General Hands Simon Martin and Ben McMiles also attended the training, ensuring that a number of staff are now aware of the correct practices and procedures when handling cats and dogs during their course of work with the Shire.

Food Safety Training:

The "I'm Alert" on-line food safety training subscription has been renewed for 2018/19 financial year. This online tool is been automatically activated and is now ready for food handlers and other interested parties. This is a great self-training program that allows residents of our shires to log onto the web site, do an hour or two of food safety training, answer questions as they go and to finish up printing out a certificate.

This is particularly useful for our new food business owners and casual staff to get their staff trained in basic food safety which is a requirement of the Food legislation. PEHO encourages all food handlers to continue accessing this free online tool.

Wyalkatchem Travellers Park:

The caravan park licence has been renewed for 2018/19 financial year.

Wood Smoke Pollution:

The Principal Environmental Health Officer has developed an information note on Wood smoke and health effects. Smoke from wood fires contains gases and particles that can reduce indoor and outdoor air quality, and potentially affect people's health. To minimise possible health effects during winter period, arrange for regular cleaning of the chimney and maintain the heater. Never burn plastics or foam, painted wood or copper chrome arsenate (CCA) treated or creosote-treated timber for example, railway sleepers. Toxic fumes are generated in addition to wood smoke air pollutants.

Disability Access and Inclusion Plan (DAIP):

The Shire of Wyalkatchem DAIP progress reporting 2017/18 was lodged on time.

SUMMARY:

That Council resolve the following:

1. Accept the Community and Economic Development Officer's Report for the month of June 2018 as presented.

Appendix: NIL

Comment:

The Community and Economic Development Officer attended a free Content Marketing Workshop in Merredin on 7 June 2018. The workshop was presented by Meg Coffey, Manager Director of consultancy Coffey and Tea. The workshop was to assist in creating a consistent, relevant and successful digital strategy. Also included in the workshop was information on how to create and curate content and how to use it in the most effective manner. Meg informed the group of tools to ensure social media is utilised for each business efficiently and strategically. The Community and Economic Development Officer will be using the skill gained with the running on the Shire of Wyalkatchem website.

The next NewTravel meeting will be held in Wyalkatchem on 26 July, Linda Vernon was contacted to confirm time, date and location along with any other requirements needed for the upcoming meeting.

The SWOT Analysis was received from Wheatbelt Business Network, which was discussed at the Business after Hours meeting held on 28 May. It was a good way to find out what local businesses thought were areas that were well done or could be improved on. The Community and Economic Development Officer will be referring to this analysis when looking into future events or programs or if anything comes across that could be useful to address anything found in the analysis. In summary of the SWOT Analysis;

What makes the Wyalkatchem small business community successful?

- Strong community support
- Dedicated business owners
- •Willingness of businesses to support, promote and advocate for each other

What does the Wyalkatchem business community need to improve and how?

- •Establish a collective online presence to let the world know that Wyalkatchem, and it's great array of businesses are there.
- •Creating more reasons for people to come to town; and ensure that they spend money whilst there.

SWOT Analysis of Wyalkatchem Business Community

Strengths

- Stability (well established town)
- Long term businesses in operation
- Safe place to live great community
- Respect and cooperation exists between businesses
- · Cross promotion between businesses
- Adaptability of businesses to variation in agricultural seasons
- Community minded business owners & stakeholders
- A wide range of products and services are available in town
- Most businesses are connected to the WBN

Weaknesses

- Declining population
- Narrowing demographic (not so many young people)
- Empty shops and run down businesses may deter people from considering investing in Wylie
- Off the main road (people need to turn off to get to town)
- Lack of recreational area in town picnic tables/ bbq
- Visually unappealing main street may give the impression that the town is run down
- · Lack of online presence for the town and most businesses

Opportunities

- Museum under utilised
- Stargazing events
- Day-care there is currently a need; could be an opportunity for someone to start one
- Increase of home based businesses locally potential to lure them to town if a 'pop-up' style shop was available.
- Rec centre resource for town events that is under utilised
- Markets scope to develop as a reason for people to visit town.

Threats

- Close proximity to other towns and services
- No opportunity in town for 'impulse' shopping
- Limited product choices in town
- Shops unable to stock everything due to small population size (not viable)
- Increase in online shopping (convenience, choice not available in town)
- Seasonal effect of agriculture on spending of town (especially if a bad year)
- Closures of essential services e.g. bank
- Uninviting shop fronts/ run down main street not attractive to potential investors.

The entry for the Banners on the Terrace was finished by the students and was sent to WALGA. With the changes in pole numbers the banners are only displayed for a week at a time. The way that it has been decided on which banners to hang which week will be alphabetical, meaning entries from towns starting with A through M will be displayed the first week, 22 to 28 July, and towns N through Z will be displayed the second week, 29 July to 4 August, this will include Wyalkatchem's banner.

SUMMARY:

That Council resolve the following:

 Accept the Property and Finance Officer's Report for the month of June 2018 as presented.

Appendix: NIL

Comment:

There was no major activity in Property in June.

Finance work was operational and included reconciliations; rates related duties; bill payments; records filling; and general enquiries.

There were no project or strategic duties in June.

At the start of June there was a risk review of Council facilities in partnership with insurer LGIS; the benefits of this review was to identify maintenance and compliance issues and therefore lower the cost of insurance to the scheme. Due to time constraints Chris Gilmour and I only assessed two of the five facilities, the two facilities being the Airport Terminal and the Recreation Centre. Any maintenance and compliance issues that were identified were put into the Works Request Register to be repaired or replaced and made compliant. The other three shire facility assessments will be rescheduled to be completed at a later date.
