Council's Vision

The Council of Wyalkatchem works with the community to protect and enhance the quality of life for current and future generations.

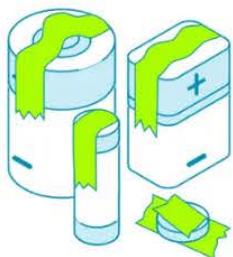

Our Purpose

That Wyalkatchem is an inclusive, dynamic community where all share in a thriving economy and a sustainable, safe and valued environment

The Shire is now able to accept your household batteries for recycling at both the Shire office and the CRC.

Bring your old batteries in and we will gladly take them from you. This project will help divert dangerous chemicals from landfill and send them to the correct facility for recycling.

There is no charge, it's a completely free service. All you need to do is tape them, collect them in a glass jar and when you have a few collected bring your old batteries in and we will do the rest for you! Simple as that!

Tape the terminals of your
batteries to prevent risk of fire

CURRENT WORKING WITH CHILDREN CARD

♥ REQUIRED ♥

Thank you to all the Wyalkatchem patrons for a fantastic season at the swimming pool during the 23/24 season.

Just a few highlights;

The positive, brilliant swimmers and walkers who registered their laps throughout the season they archived over 4000 laps and a few people got over 1000 laps breaking their personal bests.

An average of 4000 visits to the pool this season.

The Wylie pool has refreshing and lovely water to enjoy and next season will be even better. Thanks to all who attended the BBQ on Easter Sunday. The kids and parents enjoyed it and a big thank you to those who assisted.

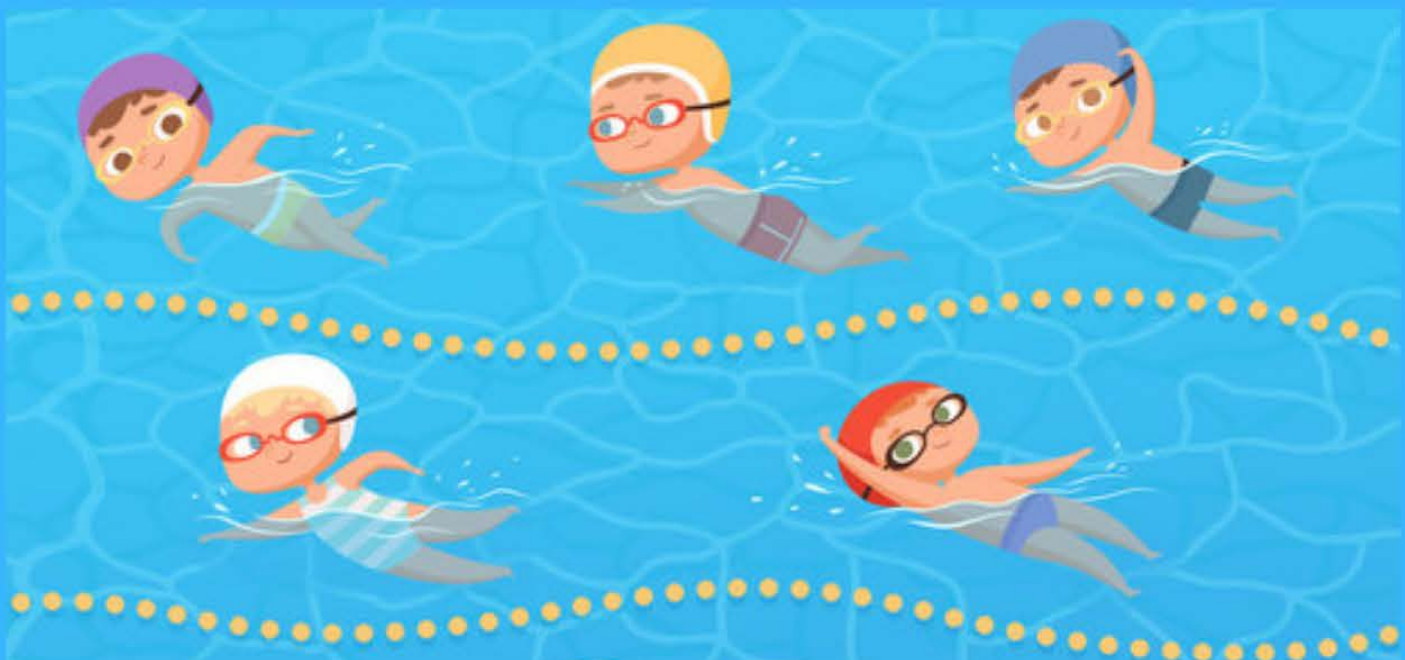

This season had exceptionally good support from the local school. I am looking forward to a wonderful 24/25 with all the pool improvements happening at the Wyalkatchem pool.

Lastly, I would like to thank the Shire for the never-ending care and support.

See you all next season.

Yours in good sport,

Eleanor Lee - Pool Manager 23/24

Rose Masterclass with Vic Garn

Thank you to Vic Garn for giving the garden crew a master class in dead-heading the roses at the Shire office garden.

They found it informative and appreciated your time and effort to teach them. They look forward to learning more pruning techniques at the end of June.

Local Emergency Management Response

The Shire needs to collect and update their information on the resources available in Wyalkatchem to call upon in event of an emergency.

The Shire has a plan called LEMA (Local Emergency Management Arrangements)

The plan has a confidential section that contains what is available in the community - e.g. tractors, loaders, telehandlers, water carts and storage, animal emergency holding areas, livestock feed, vehicles, trailers, generators, accommodation, trades and services, catering and meals etc.

PLEASE LET THE SHIRE KNOW ASAP IF YOU ARE WILLING TO SHARE YOUR RESOURCES

Stephanie
