### ***Penalty Interest Charges on Overdue***

Under the *Local Government Act 1995*, interest is charged on overdue amounts. Council has set the charge at 7% per annum which will be applied to all amounts outstanding after 35 days from the issue date of the rate notice. Penalty interest accrues daily until all overdue rates and charges are paid in full.

Eligible pensioners are exempt from interest charges.

### ***2025-26 Rates***

The 2025/26 budget saw an adjustment to the rate in the dollar for properties valued on both a UV and GRV basis to deliver an average 4.5% increase in rate revenue.

Rates make up approximately 44% of the Shire's revenue to fund local community infrastructure and services. Other sources of funds include government grants, fees and charges and interest on investments.

### ***How Rates are calculated?***

Rates are calculated based on the value of rateable properties within the Shire and are independently valued by Landgate using two methods: Unimproved Valuation (UV) and Gross Rental Value (GRV).

Landgate undertake a valuation of UV rated properties on an annual basis. GRV rated properties are valued every three to six years depending on the region. GRV properties were last revalued in the 2024/25 year.

Valuations are then multiplied by the rate-in-the-dollar set by Council to determine the amount of rates payable. If the total calculation is less than Council's minimum rate, the minimum rate applies.
